padi encyclopedia of recreational diving

Scuba diving is a type of underwater diving whereby divers use breathing equipment that is completely independent of a surface air supply. The name "scuba", an acronym for "Self-Contained Underwater Breathing Apparatus", was coined by Christian J. Lambertsen in a patent submitted in 1952.Scuba divers carry their own source of breathing gas, usually compressed air, affording them greater ...

Scuba diving - Wikipedia

Open Water Diver (OWD) is an entry-level autonomous diver certification for recreational scuba diving.Although different agencies use different names, similar entry-level courses are offered by all recreational diving agencies and consist of a combination of knowledge development (theory), confined water dives (practical training) and open water dives (experience) suitable to allow the diver ...

Open Water Diver - Wikipedia

Technical diving (also referred to as tec diving or tech diving) is scuba diving that exceeds the agency-specified limits of recreational diving for non-professional purposes. Technical diving may expose the diver to hazards beyond those normally associated with recreational diving, and to a greater risk of serious injury or death.

Technical diving - Wikipedia

Sidemount diving has grown in popularity within the technical diving community for general decompression diving, and has become a popular specialty for recreational diving. [23] [24] [25] In the 1950s the United States Navy (USN) documented procedures for military use of what is now called nitrox, [9] and in 1970, Morgan Wells , of (NOAA) began instituting diving procedures for oxygen-enriched ...

History of scuba diving - Wikipedia

A moon pool is a feature of marine drilling platforms, drillships and diving support vessels, some marine research and underwater exploration or research vessels, and underwater habitats, in which it is also known as a wet porch.It is an opening in the floor or base of the hull, platform, or chamber giving access to the water below, allowing technicians or researchers to lower tools and ...
